## PROFESSIONAL SUMMARY

Certified Full Stack Web Developer from Masai, currently a Back End Developer at Xfinite, specializing in Node.js, PostgreSQL, and Google Cloud Platform. Experienced in DevOps tasks, including Jenkins deployments and Kubernetes management. Develops services using Google Gemini with a focus on efficiency and user-centric solutions. Transitioned from a business background to technology, consistently driving innovation and ensuring seamless user experiences.

## EDUCATION

Examination	Institute	Year of Passing	Grade/%
Full Stack Web Development	Masai School	2024	Grade A
Bachelor of Commerce	Pandit Deendayal University	2023	Grade B

## WORK EXPERIENCE

Designation	Employer	Line of Service	Years of Experience
Backend Developer	Xfinite Technologies Pvt. Ltd., Mumbai	Backend Engineering, Tech Solutions, Server Architecture, AI Integration	April 2024 - Present
Assessment Assistant	Masai School	Technical Assessment, Interview Readiness	Mar 2024 -Aug 2024

Backend Developer - Node.js

April 2024 - Present

Xfinite Technologies Pvt. Ltd., Mumbai (Manages Eros Now G Mzaalo)

(Company manages Eros Now & Mzaalo, focusing on AI-driven SaaS, media streaming, and blockchain-based solutions)

- Developed and maintained scalable backend systems for media and content streaming platforms like Eros Now and Mzaalo, leveraging Node.js, Express, and MongoDB.
- Collaborated with cross-functional teams including product, AI, and frontend engineers to build, test, and deploy high-performance web applications.
- Engineered secure and efficient APIs for integrating video services, user management, content delivery, and blockchain components.
- Contributed to the architecture and development of a next-gen AI-powered SaaS platform, aligning with the company’s strategic goals around media and user engagement.
- Integrated Generative AI and blockchain technologies to enhance platform intelligence, personalization, and transactional transparency.
- Ensured backend scalability and code reusability, optimizing systems for millions of users across global markets.
- Actively participated in Agile development cycles, providing backend support from feature planning to release.
- Kept pace with evolving tech trends to support innovations in streaming, digital asset management, and monetization strategies.

Assessment Assistant

Mar 2024- Aug 2024

Masai School

(EdTech platform focused on outcome-driven learning for aspiring software developers)

- Conducted technical interviews to evaluate students’ proficiency in Data Structures, Algorithms, and full-stack web development (MERN stack).
- Delivered actionable feedback to help learners improve their coding skills, problem-solving approaches, and interview readiness.
- Collaborated with mentors and instructors to standardize assessment rubrics, ensuring objective and fair evaluations across cohorts.
- Provided 1:1 mentorship and coaching, helping students build confidence and bridge technical gaps before entering the job market.
- Supported career readiness efforts by guiding students through mock interviews, real-world problem-solving, and technical storytelling.
- Contributed to curriculum enhancements by highlighting common patterns of student challenges and suggesting improvements

PROFESSIONAL SKILLS

Skills	Particulars	Attributes
Technical	JavaScript, TypeScript, React, Redux	<ul style="list-style-type: none"><li>- Built responsive UIs with modern JS frameworks and state management.</li><li>- Created scalable REST APIs and backend services.</li><li>- Developed backend logic using robust frameworks.</li><li>- Built modular and scalable microservices.</li></ul>
	Node.js, Express.js, NestJS	
	Python, Java, Spring Boot	
	RESTful APIs, Microservices	
Cloud & DevOps	GCP, AWS, GKE, Amazon EKS	<ul style="list-style-type: none"><li>- Deployed apps on cloud with Kubernetes.</li><li>- Automated deployments using CI/CD pipelines.</li><li>- Used for async event-driven architecture.</li></ul>
	Terraform, Jenkins, Docker, K8s	
	Pub/Sub, AWS SQS	
Database & Caching	PostgreSQL, MongoDB, MySQL	<ul style="list-style-type: none"><li>- Designed and optimized scalable database schemas.</li><li>- Used for caching and real-time search performance.</li><li>- Managed high-availability document databases.</li></ul>
	Redis, Elasticsearch	
	MongoDB Cluster	
AI/ML	Generative-AI, LLaMA, Gemini	<ul style="list-style-type: none"><li>- Integrated LLMs into backend and frontend workflows.</li></ul>
Security & Tools	HashiCorp Vault	<ul style="list-style-type: none"><li>- Secured secrets and managed sensitive app credentials.</li><li>- Used for dev tracking, monitoring, and team Collaboration.</li><li>- API testing and package management for efficient dev.</li><li>- Built responsive layouts and CMS customizations.</li></ul>
	Git, Jira, Confluence, Lens	
	Postman, NPM	
	WordPress, SASS, HTML5, CSS3	
Soft Skills	Teamwork, Time Management	<ul style="list-style-type: none"><li>- Reliable collaborator and timely contributor.</li><li>- Solved issues with efficient debugging strategies.</li><li>- Communicated ideas and solutions clearly.</li></ul>
	Problem Solving	
	Communication	

CERTIFICATION

Certification	Program/Link	Key Tasks/ Learnings	Completed
Masai School	Full Stack Web Development <a href="#">[Link]</a>	<ul style="list-style-type: none"><li>- Built and deployed full-stack applications using React, Node.js, and MongoDB.</li><li>- Learned to design, develop, and integrate frontend and backend with real-world projects.</li></ul>	Feb, 2024
Masai School	Assessment Assistant Program <a href="#">[Link]</a>	<ul style="list-style-type: none"><li>- Conducted technical interviews to evaluate student coding and communication skills.</li><li>- Provided feedback to help students improve and prepare for job opportunities.</li></ul>	Aug, 2024
NSDC	Part Time Web Development Program <a href="#">[Link]</a>	<ul style="list-style-type: none"><li>- Certified in industry-relevant technical skills aligned with national competency standards.</li><li>- Demonstrated practical knowledge and job-readiness through skill-based assessments and hands-on training.</li></ul>	Jun, 2024

ACADEMIC PROJECTS

Projects	Tech Stack	Highlights	Links
Logbook App	JavaScript, React, Redux, Node.js, Express.js, MongoDB	<ul style="list-style-type: none"><li>- Developed a secure logbook app with JWT-based authentication.</li><li>- Optimized MongoDB queries for faster performance.</li></ul>	<a href="#">Github</a> / <a href="#">Live</a>
TaxTim	JavaScript, React, Redux, Firebase, ChakraUI, Bootstrap	<ul style="list-style-type: none"><li>- Created tax filing UI with personalized user guidance.</li><li>- Integrated backend with tax authorities' systems.</li></ul>	<a href="#">Github</a> / <a href="#">Live</a>
